AOSPR 2015

Pediatric Radiology: Less Invasive, More Efficient

June 11-13, 2015 Tokyo, Japan

Venue : THE GRAND HALL Shinagawa
Grand Central Tower 3F,

URL : <http://www.medicaldata.jp/aospr2015/>

President : Shunsuke Nosaka

Dear Colleagues,

You are cordially invited to the 15th Asian & Oceanic Society for Pediatric Radiology (AOSPR) Congress. This exciting event will be held in Tokyo from 11-13 June 2015 incorporating the 51st Annual Meeting of Japanese Society of Pediatric Radiology (JSPR).

It is a great honor and privilege for us to invite you on behalf of the Congress Committee and JSPR. Since Professor Fujioka and the JSPR organized the inaugural meeting in Tokyo in 2000, AOSPR has been held every year in all over Asia and Oceania. Coming 2015 meeting will be the 15th anniversary for the AOSPR, and we are pleased to host this memorable congress in which many pediatric radiologists and young doctors will join.

This time, our theme is "Pediatric Radiology: Less Invasive, More Efficient". There will be a special symposium based on this theme. The organizing committee members have been working to make this conference an educational and enjoyable experience. We offer very comfortable environment, providing participants with much opportunity for learning, discussion and knowledge-sharing in this field.

Tokyo is one of the most exciting cities in the world. You can enjoy this dynamic city by sightseeing, cuisine, arts, cultures and so on in early summer in Japan.

We are looking forward to meeting you in Tokyo.

Warmest Regards,

Dr. Shunsuke Nosaka

AOSPR 2015 Congress President

S. Nosaka
